WHY WE ARE GIVING THIS DISCOUNT

BECAUSE—We have the largest stock of extra fine grafted and budded pecan trees that we have ever produced, with thousands more of such trees coming on each year.

BECAUSE—We want to move as many of these fine pecan trees as possible to men who are interested in Pecan Growing.

BECAUSE—Our trees are well rooted and acclimated to the Southwest, dug fresh as shipped. They will live, grow and produce when transplanted and we want to prove this to you.

BECAUSE—We believe if we sell you this season "Our Better Rooted Trees" we will continue to sell you, your friends, and your neighbors.

This Discount Applies to Pecan Trees Only
